NBFC
Non-Banking Financial Company

- Fast Process Online
- Minimal Documents
- Quick Approval

2. Is mPocket RBI Approved? Safety Assessment

Is mPocket RBI Approved? Yes, mPocket is a registered NBFC with the Ministry of Corporate Affairs. The app is available on Google Play with over 1 million downloads and a 4.1 rating. It uses bank-grade encryption and secure servers to protect user data.

Why Should Anyone Use RBI-Approved NBFC Apps for Loan?

- Regulated interest rate caps
- Transparent fee structure
- Grievance redressal mechanism
- Data protection under RBI guidelines

Is mPocket Safe to Use? Yes, mPocket is safe to use. It is a registered NBFC with the Ministry of Corporate Affairs and has over 1 million downloads on Google Play. The app uses bank-grade encryption and secure servers to protect user data.

Is it Safe to Take Loan from mPocket?

Pros (Safe): Yes, mPocket is safe – RBI-licensed NBFC, 256-bit encryption, 1M+ downloads, 4.1 rating

Cons (Risk): High interest rates (1.5%–2.5% per month), short tenures (91 days minimum), strict repayment terms

- 256-bit encryption
- Secure servers
- Data not sold to third parties
- Transparent fee structure
- Grievance redressal mechanism

Is mPocket Safe for Your Data? Yes, mPocket uses 256-bit encryption and secure servers to protect your data. The app does not sell your data to third parties. It follows RBI guidelines for data protection.

Is mPocket Safe for Credit Score? Yes, mPocket reports your loan data to credit bureaus. Timely repayment improves your credit score. Missed payments will lower your credit score and may lead to collection calls.

Is mPocket Safe for Bank Details? Yes, mPocket uses secure payment gateways to collect bank details for loan disbursal and EMI collection. The app does not store your bank details on its servers.

Is mPocket Safe for Contacts? No, mPocket does not access your contacts. The app requests only the permissions it needs for loan processing.

Is mPocket Safe for Aadhaar? Yes, mPocket uses Aadhaar for KYC verification. The app does not store your Aadhaar number. It uses it only for identity verification during the loan application process.

Is mPocket Safe for Loan? Yes, mPocket is safe for loan if you can repay within the tenure. The app is RBI-licensed and has over 1 million downloads. However, high interest rates (1.5%–2.5% per month) make it important to borrow only what you can repay.

Is mPocket Safe for Repayment? Yes, mPocket is safe for repayment. The app supports UPI, net banking, and debit card payments. You can also repay online through the app.

Is mPocket Safe for Loan Limit? Yes, mPocket is safe for loan limit. The app offers up to ₹5 lakh with tenures of 91 days to 24 months. The loan limit depends on your profile and repayment history.

Is mPocket Safe for Customer Support? Yes, mPocket has a customer support team. You can reach them through the app or email. The app also has a grievance redressal mechanism as per RBI guidelines.

Is mPocket Safe for Loan Apps? Yes, mPocket is safe for loan apps. It is a registered NBFC with the Ministry of Corporate Affairs and has over 1 million downloads on Google Play. The app uses bank-grade encryption and secure servers.

Is mPocket Safe for Loan Apps Features & Benefits? Yes, mPocket is safe for loan apps features and benefits. The app offers 256-bit encryption, secure servers, and transparent fee structure
